

ASVPM Meetup: Tues, October 24, 2023

Mastering Agile Systems Engineering for Agile Practitioners

Presenter: Dr. Nathaniel P. Crews, Ph.D.

START RECORDING

ASVPM's Welcome to our Meetup Guests:

ASVPM is a nonprofit organization (IRS – registered 501 (c) 3 and CA – registered Inc.) and the founder of the SVPM Scrum Team program. SVPM Scrum Team program is run by volunteer professionals as a platform for volunteer professionals to learn and experience scrum fundamentals and other Agile frameworks and practices through the process of immersion.

ASVPM's Vision is...

To continuously build the next generation of Agile Practitioners and develop professional Leadership within our global society at large.

ASVPM's Mission is...

To create a community of agile practitioners and leaders by offering hands-on collaborative experience from the trenches, sharing lessons learned and best practices on product, project, and portfolio management.

ASVPM's Programs Include:

The... SVPM Scrum Team Program:

The SVPM Scrum Team Program supports the ongoing functions and operations of the...

- Silicon Valley Project Management (SVProjectManagement.com) Web Site & Blog Posts,
- Silicon Valley Project Management LinkedIn Page, and
- ASVPM Meetup Events

(just to name a few...)

Event Host's Introduction for our Guest Speaker:

ASVPM is Honored to introduce our guest speaker, Dr. Nathaniel P. Crews Ph.D.

Nate is an accomplished senior leader with comprehensive experience and is well known for delivering tech solutions globally. He is a tech instructor for Caltech and UC extension programs, Nate coaches corporate clients worldwide, including Alcatel-Lucent, AT&T, Chevron, Boeing, and more. Nate is an Enterprise Business Agility Strategist and a certified transformation and leadership coach with expertise in Team Performance coaching, Executive coaching, Organizational Development coaching, Life and spirit coaching, and Neuro-Linguistic Programming (NLP). He holds a Bachelor's in Math/Computer Science, an MBA, an Executive Master's in Technology Management (Wharton), Ph.D. in Management/Information Systems.

The title of Nate's talk today is "**Mastering Agile Systems Engineering for Agile Practitioners**"...

(Nate – please take it away...!!!)

PRESENTATION

Q&A

Closing Announcements, Acknowledgements, and Reminders:

Thanks to our Guest Speaker:

ASVPM would like to thank our Guest Speaker – Dr. Nathaniel P. Crews, Ph.D. for being gracious in spending time with us to share his wisdom and knowledge in **Mastering Agile Systems Engineering for Agile Practitioners**.

Thanks to our Supporting Donors:

ASVPM would also like to acknowledge a few of our **Supporting Donors this month:**

(...that help support the mission and vision of ASVPM and its programs.)

Sharon Wright – Sharon is a fellow ASVPM volunteer and supports the SVPM Scrum Team program as a Team mentor and the program's Onboarding & Training Lead.

Kimberly Weifling – Kimberly runs a consulting service that can help your organization Strengthen Leadership, Team Effectiveness, Innovation & Create Inspired Organizational Cultures. Kimberly is also a distinguished member of the Board of Directors of the ASVPM organization.

(We have provided a link to her website in our Chat. Please take some time this week to check it out.)

Thanks to our Guests:

Most of all, ASVPM would like to **thank you** – our Guests - for joining us today! We hope the knowledge and wisdom Nate shared with you today was meaningful, informative, and provided you with many take aways to help you improve the performance of your professional career growth.

ASVPM's Next Meetup Event:

ASVPM next event will be in November – please check and even better – subscribe, to our ASVPM Meetup page to stay informed of all ASVPM upcoming events.

(This link and other important ASVPM contact information will be posted in the Chat.)

Guest & Speaker - Optional Extension Announcement:

If our guests are interested in sticking around, we will be keeping this zoom session open for another 5-10 minutes. So, feel free to:

- call out and network with other guests,
- share your LinkedIn profiles,
- use our chat,
- express your comments about today's topic, and
- ask more questions.

(Think of this as our way of offering a vertical type of after event social.)

Thanks again Nate and thanks again to our guests for joining us today...

DURING THE MEETUP

1. **Donald** is to start meeting 30 minutes before
2. **Co-Hosts** add "ASVPM" next to the Zoom display names for the visitors to know who is representing the meetup. **(Suggest testing the Logo option in our next retro.)**
3. **<Introducing Meetup team member> Felecia** to add "ASVPM - host" on their Zoom display
4. **Make <Introducing Meetup team member> Felecia as "Host"→**
 1. **Make Co-host** - Don, David, Felecia, Apala, Soumya, and the Speaker
5. **<Co-host Member> Soumya** Check the meetup page - comments
6. **<Co-host Member> Soumya (Don)** to admit incoming attendees to the meeting (*muted*)
Pls. Note: *Incoming attendees should not be admitted before the actual start time of the meetup. This is because attendees need not listen to the logistics review discussions between the speaker, and the meetup team.*
7. **< Co-host Member> Soumya (Don)** Click on Transcript in "more" - we will have subtitles during the call and we will be able to download the script, so if in the future we want to write an article we can take the text from there.
8. **<Co-host Member> Soumya (Don)** to record
9. **Introducing Meetup team member>Felecia** to introduce ASVPM + the speaker
10. **<Chat Moderator> Soumya/Apala** to moderate the chat
11. **<Co-host Member> Don & Soumya** to remove anyone that has a weird behavior
12. **<Co-host Member> Soumya (Don)** mutes everyone as they join, only the host and speaker can be unmuted.
13. **<Introducing Meetup team member>Felecia** to open up the Q&A session
14. **<Q&A moderator> Apala** tracks Q&A in the chat. The Q&A moderator would ask the questions from the chat (use time-box discretion, speaker's flexibility, and if not enough questions in chat to allow a couple of attendees to ask their questions directly at the end).
15. **<Co-host Member> Don** acts as timekeeper.

16. <Introducing Meetup team member> **Felecia** Check with the timekeeper to determine the time remaining and inform the Speaker and Guests of the time remaining for the Q&A - taking into consideration reserving 3 minutes prior to closing for final announcements.
17. <Introducing Meetup team member> **Felecia** to close the session (verbal)
 1. Thanks the speaker
 2. Thank our Top Sponsor - **Kimberly Wiefling** and provide her webpage and LinkedIn contact links:
 1. **Kimberly Weifling's Consulting Website Link:**
<https://kimberlywiefling.com/>
 2. **Kimberly Weifling's LinkedIn Link:**
<https://www.linkedin.com/in/scrappykimberlywiefling/>
 3. Inform the community about the next meetups, and future events, (Meetup page, Website for blogs, and follow us on LinkedIn, etc.) and paste the link of the meetup page to follow up, so they are informed <https://www.meetup.com/agile-and-scaled-value-project-management-asvpm/>
 4. Mention the Guest Speaker's contact details/website.
 5. Announce the recording will be available on our community-blog website in a week's time. <https://svprojectmanagement.com/asvpm-meetups-and-community-events>
 6. Ask participants to post questions to the meetup page, or to feel free to reach out to the guest speaker directly.
18. < Chat Moderator> **Apala:** All the Above info is to be posted on chat.
19. <Co-host member> **Don/Soumya:** Stop the recording.
20. <Introducing Meetup team member> **Felecia:** Inform the attendees that we will be keeping the call open for another 10 minutes as a post-meeting social to network and entertain any further discussion.
21. <Introducing Meetup team member> **Felecia:** Announce the 10-minute "post-meeting social" - stay active.

If the Speaker has a hard stop:

- If the speaker has a "hard stop" they would be free to leave the call and the call will remain open for 10 minutes for guest discussions.

AFTER THE MEETUP

1. **Donald** to download the recording
2. **Donald** to upload the recording on ASVPM.org
3. **Donald** to upload the text format (this is the whole script of the presentation) on ASVPM.org
4. **Donald** to upload the presentation if shared on ASVPM.org
5. **Donald** to update the "Meetup & events" page on svprojectmanagement.com with the recording and presentation and the text. (Convert the presentation deck to PDF.)
6. **Donald** to inform the #hs&s group once the links are ready.

7. **Apala** to email the speaker after the meetup to thank him/her. (mention on behalf of the Co-hosts by name and the ASVPM community)
8. **Apala** to send a thank-you email to the Meetup attendees.
9. **Apala** to send a message to the leadership/general channels on Slack informing them of the recording/presentation/transcript once uploaded “Meetup & events” page.
10. **Apala** to send a brief email to meetup attendees with the link where we’ve uploaded the recording, etc. Note: Based on our observation from past events, we do not send these links to the public domain and meetup comments. (This will negatively impact our future attendance.)
